

MAYOR JEFF ACERSON

Lindon City is a vibrant and thriving community where you will find good people, great businesses and a wonderful sense of community. We have a great opportunity to celebrate this August with our Lindon Days Celebration. Although we still need to be cautious and careful when we gather together, I am very optimistic about our future going forward. Our community is a wonderful place to live and work. Our city thrives on being good neighbors and friends. The heartbeat of our vibrant and thriving community are the people. We have great schools with outstanding teachers, great businesses which help fuel our economy, as well as miles of trails, parks with playgrounds, good roads, and safe neighborhoods. Every year we have an opportunity to celebrate our community with our Lindon Days Celebration.

Lindon City is small in size compared to our neighboring cities in Utah County yet we are large in community, civic pride, and commitment to residents as evidenced by our weeklong Lindon Days celebration. Lindon Days will begin Saturday, July 31 this year as we bring back an old-time favorite, the Horse Trail Ride. The ride will take place starting at the South Fork Transfer Station in Provo Canyon, at 9:00 AM. Our city celebration will then continue on Monday, August 2nd with our Car Show. The week is full of fun. We will conclude Lindon Days with a concert and fireworks show Saturday, August 7th at Pheasant Brook Park. Thanks to the Lindon Days staff and volunteers whom have worked hard to bring you another great celebration filled with activities for everyone.

I encourage you all to check the list of events happening during Lindon Days this year and take time to attend those that appeal most to you and your families. Check the schedule in this booklet and also at www.lindonrecreation.org. There is something every evening all week long so come out and participate with us.

Whether you're looking for a place to visit, live or build a business, know that you are welcome in Lindon!
